ABOUT US

Established in 2007.

Vision

Empowering Iraq's development through top-tier construction in the oil and gas sector

Started in 2007

telecommunication sector in maintenance and emergency response for telecommunication towers/stations and fuel supply.

Expansion

QA gained good reputation for commitment and quick response, so it expanded its works to the middle and southern area of Iraq.

Construction 2008-2009 construction branch was established, in Basra, supported by a sister company (RAI).

Mechanical, E&I 2014

Our core value customer satisfaction, and working with our customers as long-term partners. These values paid its effort as sequence of contracts with our clients such as [CPP](#), [EPPM](#), [STX](#), [Samsung](#), [Hyundai](#) and others

OUR LEADER

Dheyaa Abdullah

Chairman

Dheyaa Abdullah was the founder of the company in 2007. Dheyaa leadership and vision over the years have been key pillars for the success, growth and reputation of QA as leading, reliable and trustable Contractor in the Iraqi national market.

Ali Mustafa

VP

Ali is a senior executive with more than 20 years of experience in oil & Gas sector. During his career, Ali had the role of PM at Fajar Al-Eman Co. and projects manager in QA company. His executive experience and deep knowledge of the market are instrumental for QA's business strategies and growth

Taha Al-Anssari

Contracts Director

Taha, an accomplished Contracts Director with 12+ years in oil and gas, excels in negotiating and closing successful contracts. His executive experience, market insight, and passion for technology drive Qimat Al-Iqtidar's innovative growth strategies, complemented by his architectural expertise.

Atheel Walid

Planning Director & Chief Estimator

Atheel has over 30 years of experience in the field of planning. His extensive expertise and deep knowledge of the industry are invaluable assets to any organization's strategic initiatives and growth.

POINTS OF STRENGTH

& Sister Companies

POINT OF STRENGTH

- Long standing on site experience in oil and gas (green and brown field)
- Part of larger group of companies with different sectors.

That gives the power and versatility to handle any unexpected events (staff shortage, need for facilities and equipment, and expertise), or connected services, and financial support.

- working with clients on the long term.
- ability to work effeicntly with the local content

SISTER COMPANIES

- **QA for security services**
- **RAI** for general contraction (construction, specialized services, maintenance)
- **Durrat Al-Khaleej** for healthy waters and petrochemicals (Biggest in south of Iraq)

ADDITIONALLY

We have a cooperation with (PEG, CPECC, Samsung Engineering, ROMU, and others).

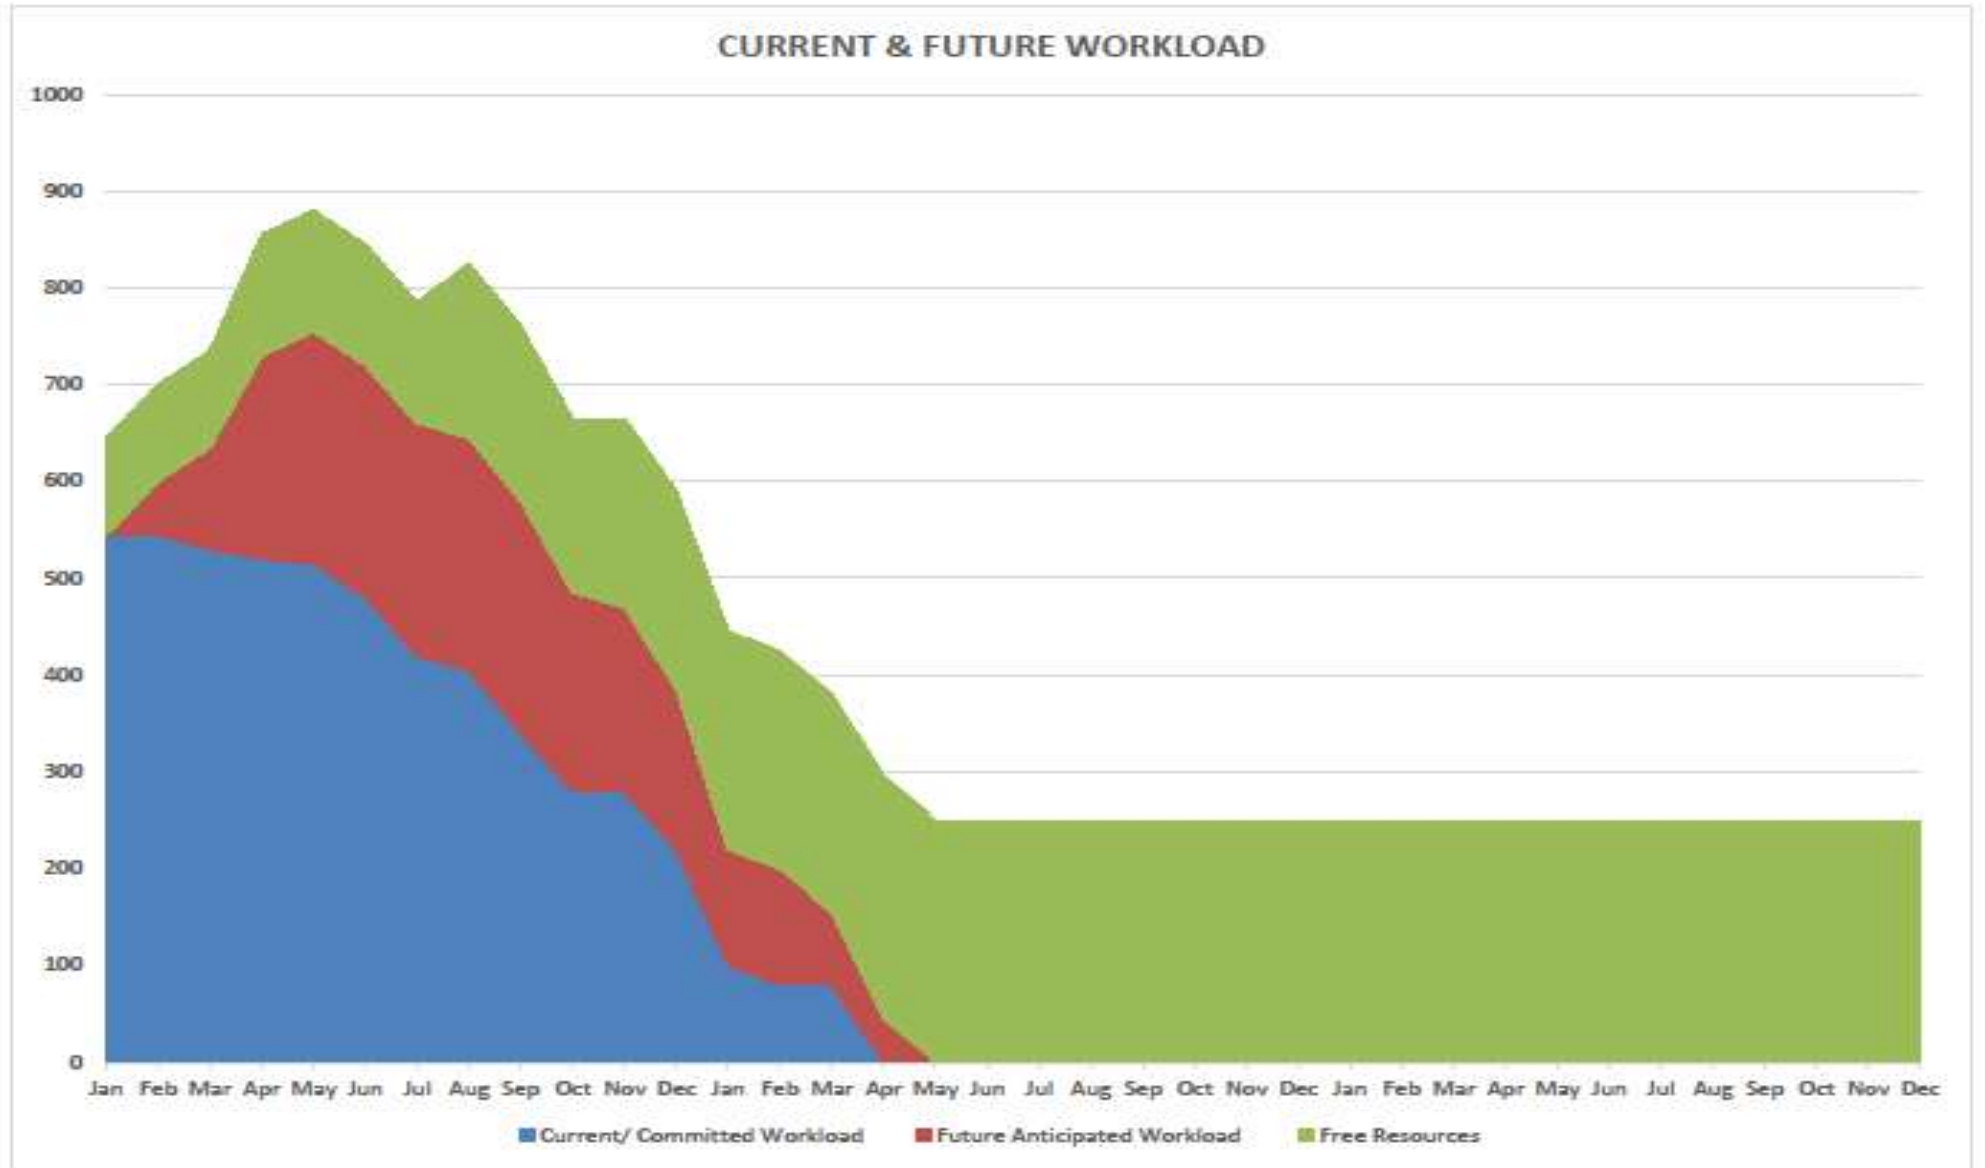

We have Lukoil approved concrete batch plant in WQ2, working since almost 10 years, weherhose and fabrication workshops, and camps in WQ2, Zubair Mishrif, Rumila, FCC, and others

COMPANY ORGANIZATION CHART

For QA company HQ & typical project management

COMPANY FACILITIES & LOCATION

Where are we located ?

MAIN WORKSHOP

For mechanical works (steel structure, and piping)

PROJECTS CAMPS

In Zubair Mushrif, Basra refinery, and Majnoon

1- BASRA, AL-JAZEER

company headquarters handles Admin, BGC, and Basra Provenance contracts.

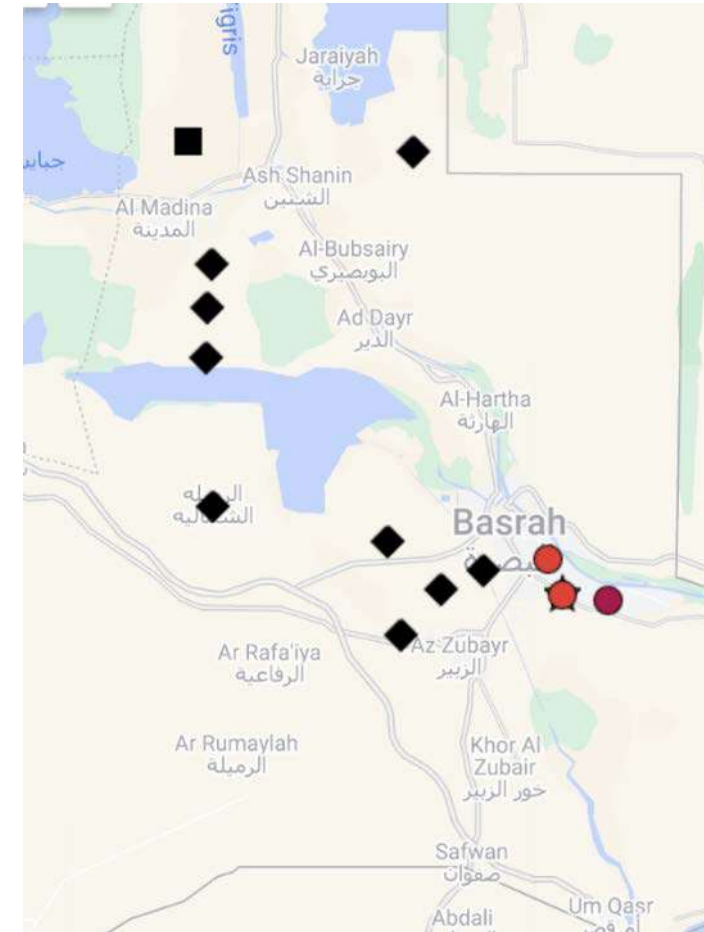

2- BASRA, HAMDAN INDUSTRIAL ROAD

Operation point for all other contracts, with workshops, yards, and storage areas. (soon to be relocated to Said Hamad road)

3- WEST QURANA 2 (BUSINESS UNIT),

to manage all WQ2 contracts with STX, Sicim, EPPM, HBP, and Concrete Patch-plant

* A secondary business unit operated in Baghdad for generator maintenance and emergency response

Environment Policy

HEALTH & SAFETY POLICY

OUR VISION

QIMAT AL IQTIDAR, an engineering and construction company, shall achieve and maintain the highest practicable level of Health and Safety control in all areas of the Company's operations.

OUR COMMITMENT

QIMAT AL IQTIDAR's CEO has the ultimate responsibility to promote a health and safety culture within the organization.

To this end, he will ensure that QIMAT AL IQTIDAR is committed to the following:

- risks and hazards shall be minimized to prevent any impact on its employees, contractors and other parties;
- adequate precautions are taken to prevent ill health, injuries, incidents, damage to its employees, contractors and other parties;
- the provisions of applicable legislation, as well as the Health & Safety Management System, are complied with; and
- there is reasonable protection of persons against ill health.

OUR OBJECTIVES

To meet our commitment, QIMAT AL IQTIDAR will:

- Train our employees in Occupational Health and Safety issues so as to:
 - ensure competence in the workplace;
 - be aware of the potential hazards implicit in their work activities; and
 - be aware of their scope of authority in terms of Occupational Health and Safety control.
- Enforce Health & Safety measures with discipline in the workplace.
- Protect the public and persons other than Company employees from Health and Safety hazards associated with our work.

I pledge my commitment on the implementation of this policy and its communication to everyone involved in our business and projects.

Chief Executive Officer (CEO)
Dheya Abdullah Ghdhah

Date of review: 31st August 2023

SECURITY POLICY

QIMAT AL-IQTIDAR Engineering Company (QA) recognize the importance of securing its personnel, assets and information upon which it depends. In order to ensure the security and continuity of business services, these resources must be protected by applying effective and appropriate security measures. Its priority is to:

- Protect QA employees, subcontractors and visitors;
- Protect QA reputation;
- Protect QA business assets.

Within our workplace, QA management shall provide leadership and a commitment toward security. We shall achieve this through the following objectives:

- Implement an effective security management that would enable QA to identify and evaluate potential security threats and manage and respond to security challenges where we operate;
- Provide clear instructions, information and adequate security training to our employees, subcontractor and visitors;
- Design, procure and construct facilities in accordance with sound security practices that balance risk, cost and performance throughout their operational lives;
- Ensure the security of the supply chain that support our activities;
- Promote a culture at all levels to continuously identify, reduce and manage security risks.

QA security policy will only be successful if all employees maintain a consistent and positive attitude toward security, therefore, all QA employees shall conduct themselves in accordance with the following guidance principles:

- Access to all QA systems, assets and facility will be restricted to authorized use only;
- All employees have a right to stop or refuse to perform task if they deem their physical security will be compromised;
- All employees are obligated to comply with relevant legal, contractual and regulatory requirements.

It is my responsibility as CEO of QA to ensure that appropriate resources, including human and finance are committed towards implementing this policy across all our operation and communicating this policy to all QA employees.

Chief Executive Officer (CEO)
Dheya Abdullah Ghdhah

Date of review: 30th September 2023

Our Strategic Health Safety & Environmental Objectives

QIMAT AL-IQTIDAR Engineering Company pledges its support to health, safety and environmental improvement, and has therefore formulated the following strategic HSE objectives to achieving the improvements:

- Organisational Culture**
 - To make HSE a core organisational value for all employee and our contractors so that we can support sustainable HSE performance.
- Hazards Management**
 - To protect Qimat Al-Iqtidar and contractors' employees from any health and safety hazards that may be associated with the work.
 - To provide accident free environment to Qimat Al-Iqtidar and contractors' employees.
- Legal & Regulatory Requirements**
 - To maintain compliance with all the applicable health and safety legal / regulatory requirements.
- Environmental Protection**
 - To reduce environmental impacts and improve performance regularly.
- Training**
 - To train, support and motivate our employees and contractors to identify and manage workplace safety risks or environmental impact
- Performance Monitoring**
 - To record and analyse our HSE performance monthly, and review at management level to continually improve our HSE actions leading to great HSE performance.

Chief Executive Officer (CEO)
Dheya Abdullah Ghdhah

Date of review: 30th September 2023

ENVIRONMENTAL POLICY

In QIMAT AL IQTIDAR, an engineering and construction company, we take the responsibility for environmental stewardship seriously and believe that we should play an active role in protecting our environment in the course of execution of all contracts and projects that we are involved in.

OUR COMMITMENT

QIMAT AL IQTIDAR will be committed by:

- Setting of environmental targets
- Monitoring the implementation and regularly review our performance in line with ISO 14001:2015 standards
- Protecting the environment,
- Prevention of pollution,
- Minimizing the environmental impacts of our business activities and operations.

OUR OBJECTIVE

QIMAT AL IQTIDAR has set the following objectives to achieve our earlier-stated commitments:

- Comply with and whenever possible exceed all applicable Environmental Legislation and regulatory and other requirements.
- Consistently increase the awareness and provide necessary training to all our employees and customers to ensure environmentally responsible concepts are integrated into their normal working practices.
- Reduce waste by reusing and recycling materials at every stage of work during construction activities.
- Use Energy and water efficiently during the construction process and promote conservation of natural resources
- The setting of annual environmental objectives and targets to measure improvements in environmental performance.

I would ensure that good environmental management is practiced in all contracts and projects that we are involved in, and communicate this policy to everyone involved in our projects.

Chief Executive Officer (CEO)
Dheya Abdullah Ghdhah

Flare stack/s System in WQ2

Extension of DGS North Gas Out

GRB piping work in Majnoon oil field

FLARE STACK SYSTEM IN WQ2

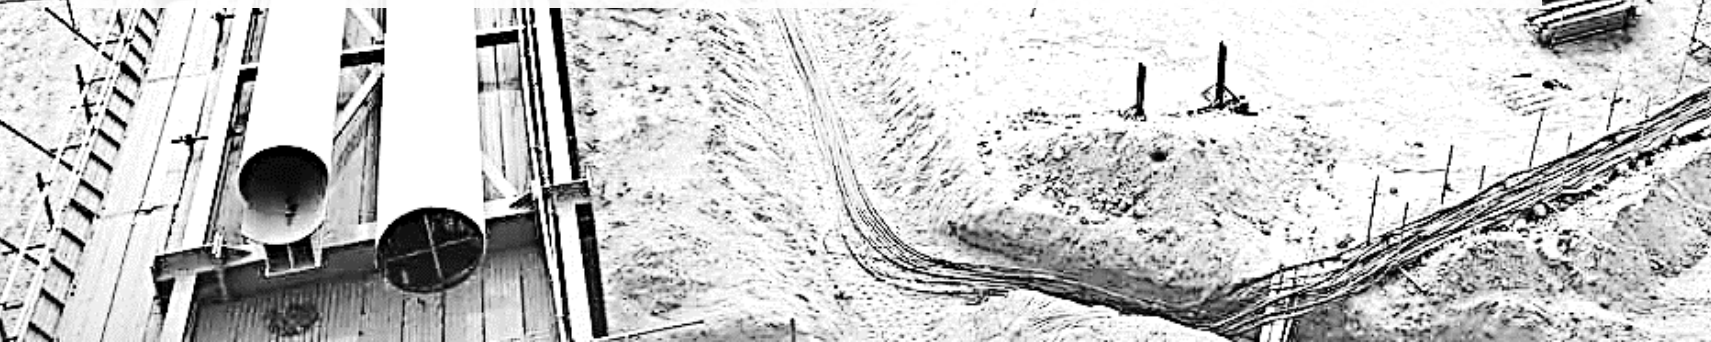

Piling, civil, concrete, steel structure, piping, E&I

client: STX / Lukoil

SOW: civil, foundation, scaffolding, precast-piles, steel-structure, piping, E&I, and flare stack installation works.

Duration: 16 months, started in Oct. 2020

Project status: Completed

EXTENSION OF DGS NORTH GAS OUT

Location: Development of DGS north gas project in
Hammar Mushrif ,Zubair, Basra

client: STX – ENI – ZFOD

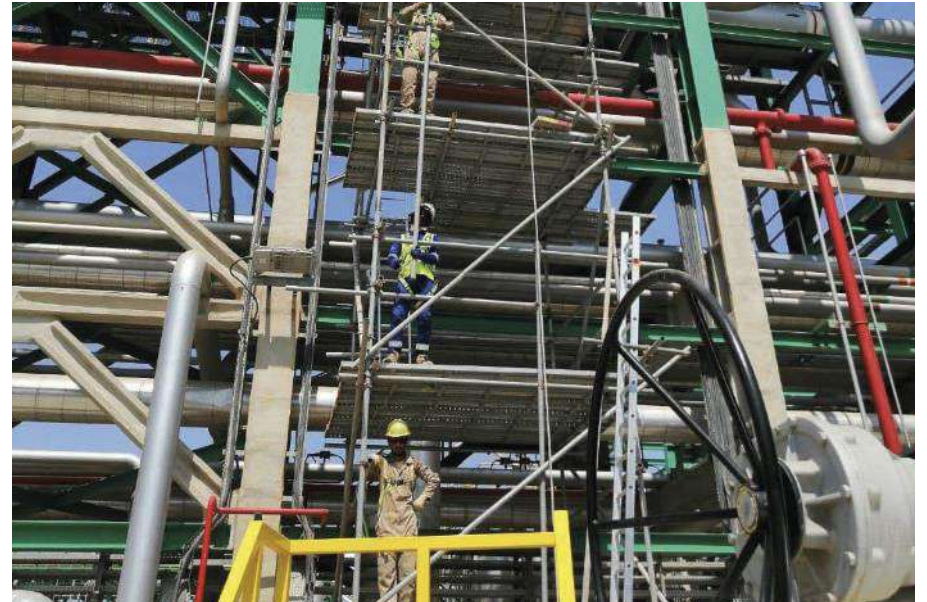

SOW: driven piles, steel structure, piping (24 &32 inch), E&I

Additional works (HDD works)

Duration: 12 months, started in 2019

Project status: Completed

GRB piping work in Majnoon oil field

Client: CPP-SHELL

SOW: prefabrication, and installation of 2"-32" GRB 20000 inch pipes for treatment station

Duration: 5 months

Project status: Completed

PIPELINE AND PIPING WORKS WITH PETROJET IN AL-ZUBAIR AREA

client: Project

SOW: Pipe line and piping services, including pipe fabrication, transportation, and installation

Location Zubair area, in several coactions.

Duration 6 months.

CONSTRUCTION AND CIVIL WORKS

- Produced Water Treatment and Injection Facilities
- Zubair Mishrif Development, CIVIL WORKS
- ECW Earthwork Project / CPECC Zubair Mishrif
- Bullet Tank / GUSAN Co. / IBRU Basra Refinery
- Civil And Concrete Works, In WQ2 - Sicim
- HP Separator Project In WQ2 (Brownfield)
- Civil Works For Basra FWKO In WQ1 (Brownfield)

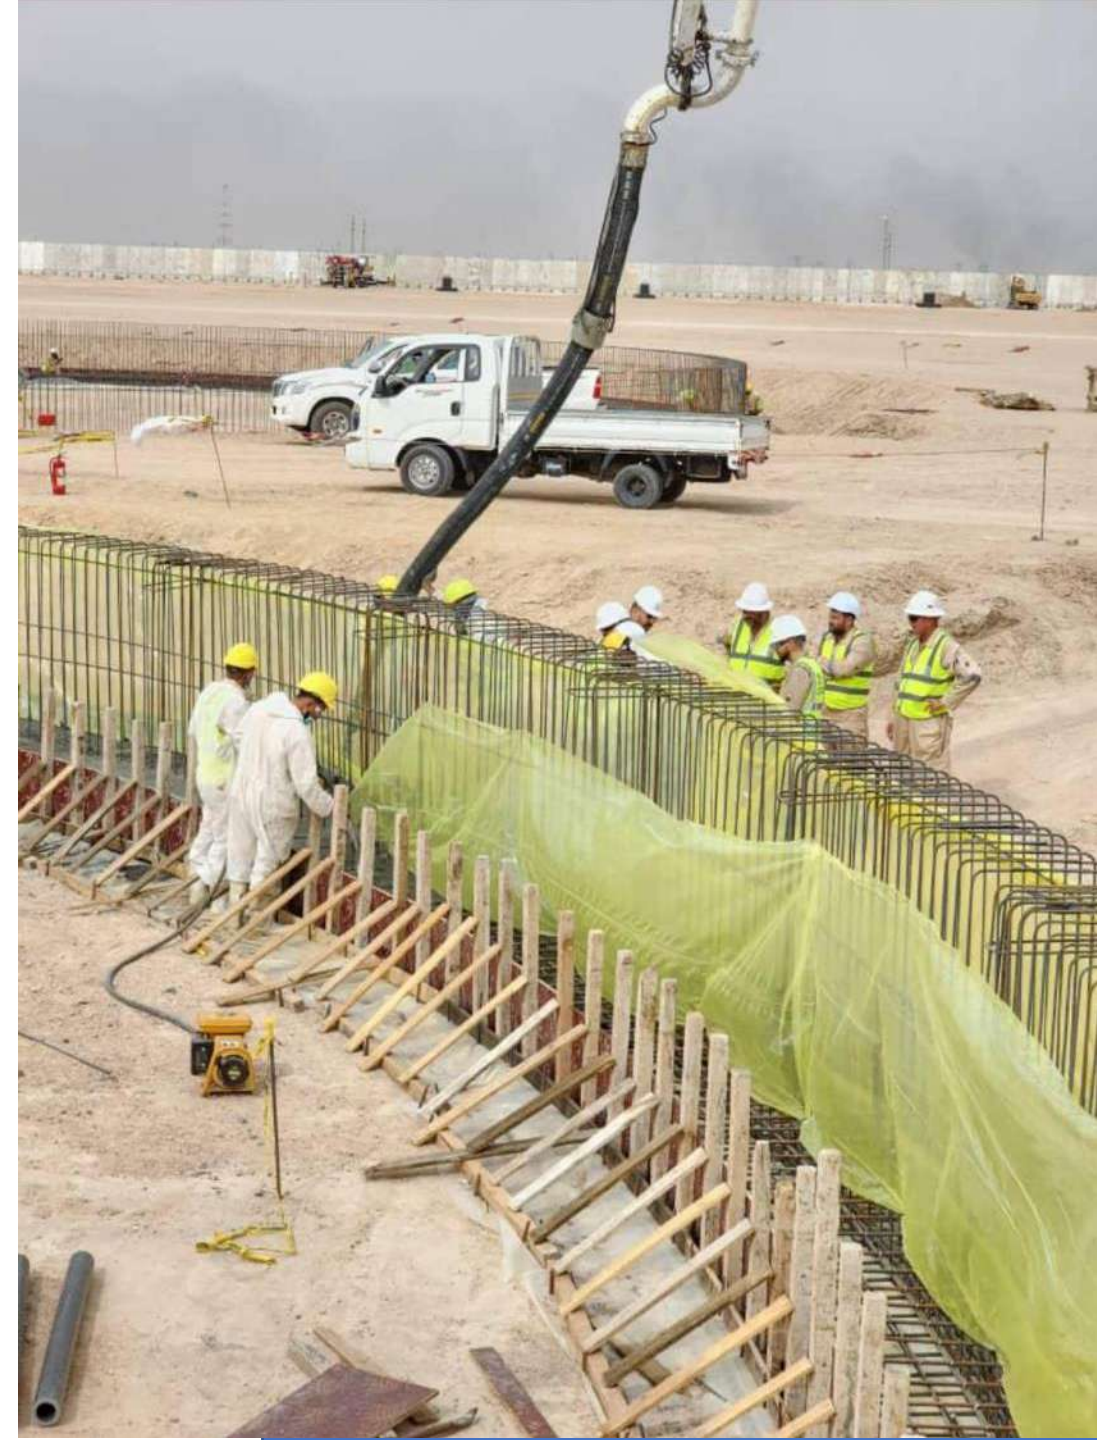

Produced Water Treatment & Injection Facilities Zubair Mushrif

client: PEG-ENI-ZFOD

SOW: civil, foundation, Close and open drain, tank
foundation

Duration: 18 MONTHS, STARTED AT 2023

Project status: Ongoing

ECW Earthwork project

Zubair Mishrif

client: CPECC- ENI- ZFOD

SOW: 600,000 sq scrapping, compacting, backfilling, of zubair mushrif extenion, and secure the parameter of the facility with concrete canal, t-wall, and double line of jersey barrier & concrete works.

Duration: 9 MONTHS

Project status: Completed

Civil and concrete works, in WQ2 - Sicim

client: SICIM -LUKOIL

SOW: CIVIL AND CONCRTE WORKS, GRV PIPING FOR WP4, WP9

(green field)

& TCF AREA (brown field)

Duration: 8 MONTHS

Project status: Completed

HP separator project in WQ2 (brownfield)

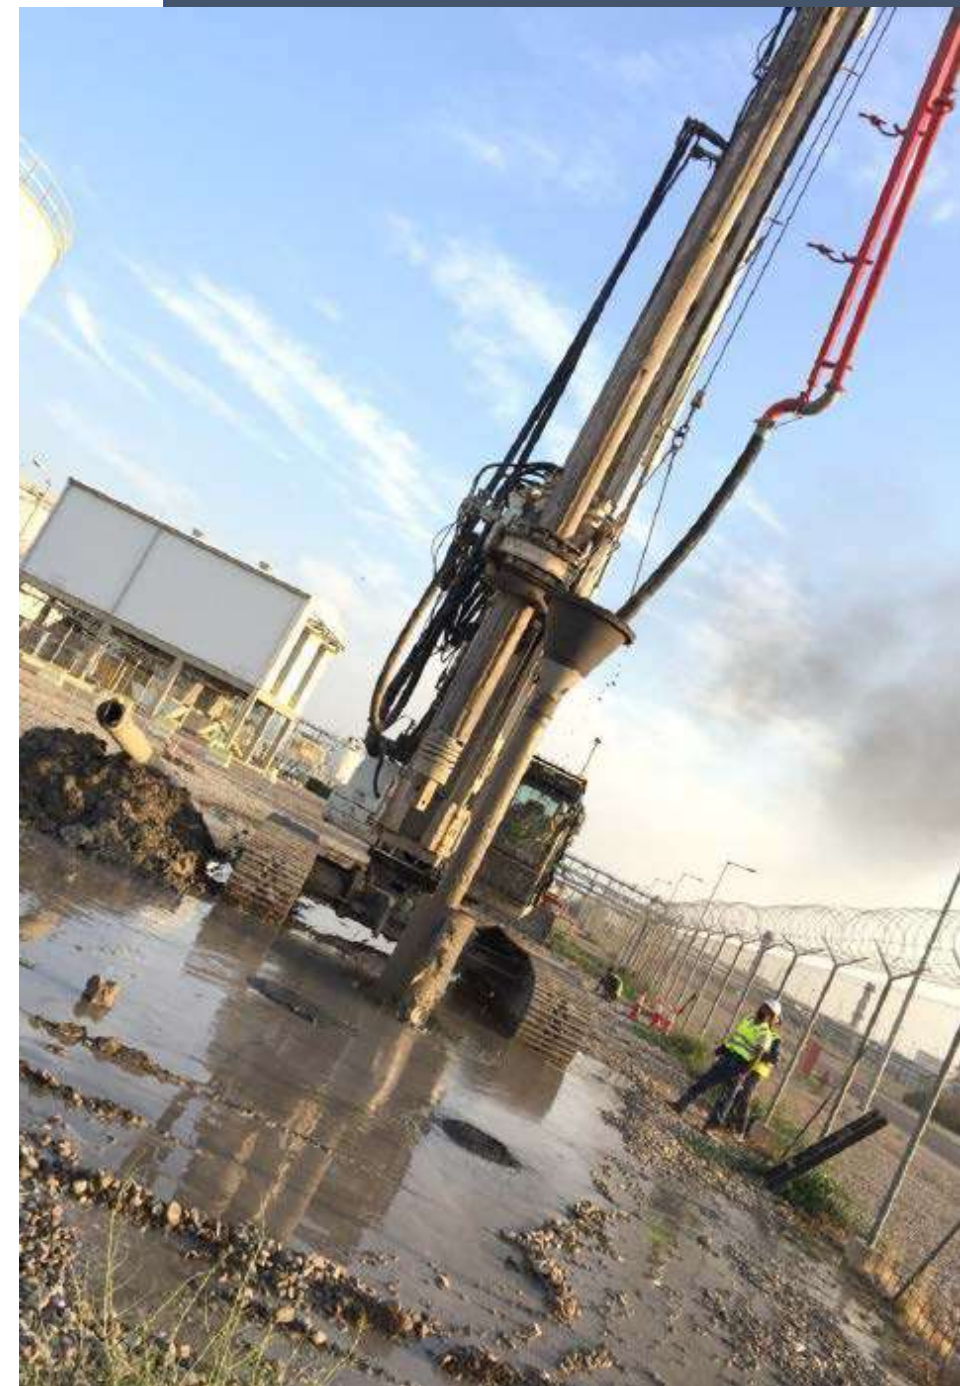

client: EPPM-LUKOIL

SOW: CIVIL & CONCRETE FOUNDATION, BORED PILE WORKS,

Duration: 1 YEAR (EXTRA WORKS INCLUDED)

Project status: Completed

limited images available
(prohibited area)

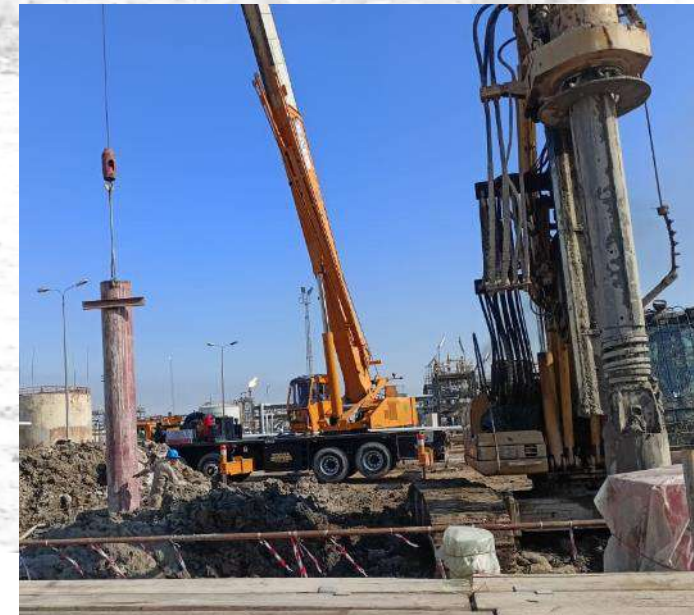

Civil works for Basra FWKO in WQ1 (brownfield)

Client: PEG- EXXON MOBIL – TFOD

SOW: civil & foundation works, Open drain pits, paving.

Duration: 20 months

Project status: (in progress)

GENERATOR MILITANCE & ELECTRICAL WORKS

- **SSE cable - in Majnoon**
- **Generator maintenance, & emergency response- BGC**
- **Maintenance of Communication Towers For Zain, Korek & Asia cell**
- **Maintenance for 17 water treatment plant for Basra Gov.**

SSE cable Electrical Works Majnoon

Client: CPP - KBR

SOW: civil and SSE cable Electrical Works (cable laying and connection, joint pits ..etc.)

Duration: 1 years, started in July. 2022

Project status: Completed

Generator maintenance, and emergency response. BGC

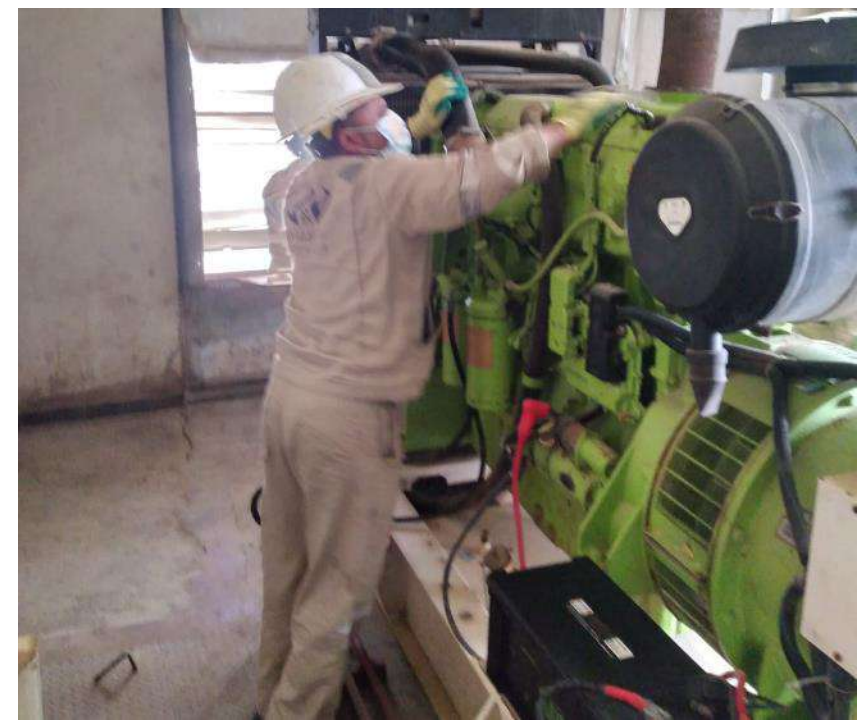

Client: BGC

SOW: Generator maintenance, and emergency response.

Duration: 3 years

Project status: ongoing

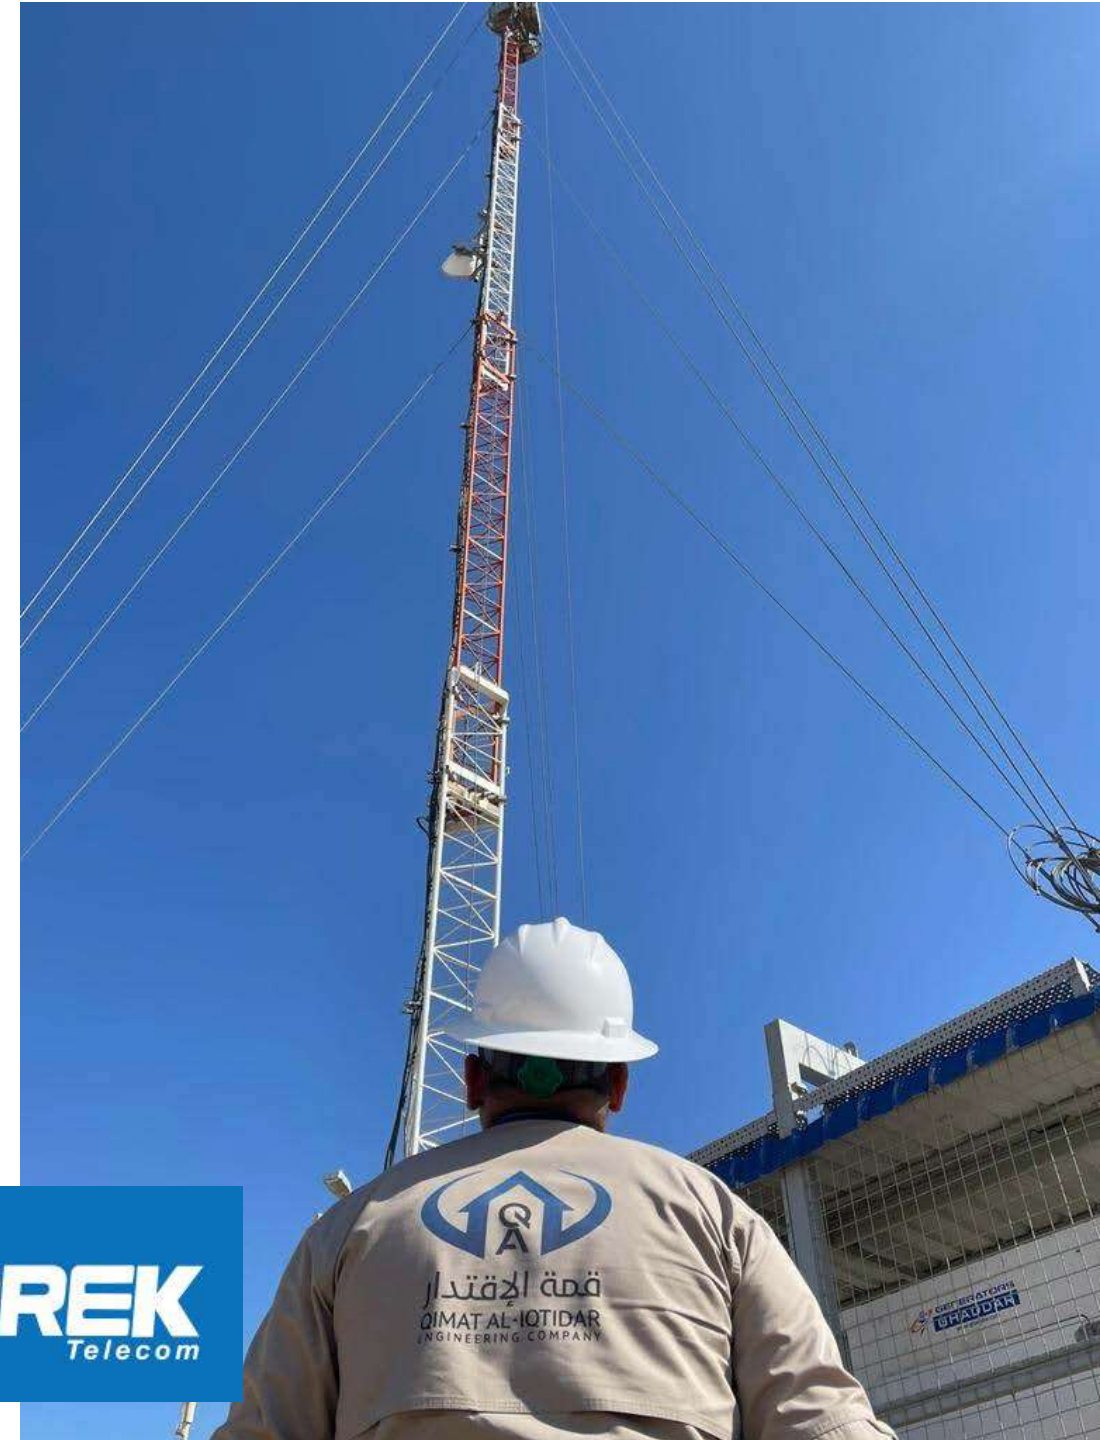

Maintenance Of Communication Towers

Client: Zain Iraq, Korek, and Asia cell

SOW: Maintenance Of Communication Towers,
Deisel supply, & and generator services.

Duration: continuous since 2007

Maintenance for 17th water treatment plant with Basra Government

Client: Basra Government in JV WITH AL-FARIS Co.

SOW: Maintenance for 17th water treatment plant, including overhaul, multi-displace activates. Through Basra Gov.

Duration: 1 year

HDD, AUGER BORING, AND PILING WORKS

- Bored piles civil, and GRV works in WQ2 (brown field)
- Sheet pile works in Basra refinery
- Bored piles works with Bonati in WQ2 (brown field)
- bored Piles works with EPPM in WQ2 (brown field)
- Auger boring with CPP majnoon
- Auger boring with CPP majnoon
- HDD with CPP Majnoon
- Auger boring with CPECC Majnoon
- HDD with CPP Majnoon (Suhool Azmur)
- HDD with GAS JV
- HDD in Nasria (with South oil Company)

HDD & AUGER BORING WORKS

By QA & RAI sister Company

Client: CPP - KBR , CPP- Shell, CPECC- KBR and others

SOW: civil works, horizontal directional drilling (HDD), Auger boring.

Duration: 8 years, started in July. 2015 (work order based)

Other contracts

- WQ1 with CPP-Exon (Auger Boring)
- Basra with Gas JV (HDD)
- Nasiriya with Missan oil company (HDD)

BORED PILES CIVIL & GRV PIPING

STEEL STRUCTURE, SHADES, CIVIL & CONCRETE WORKS

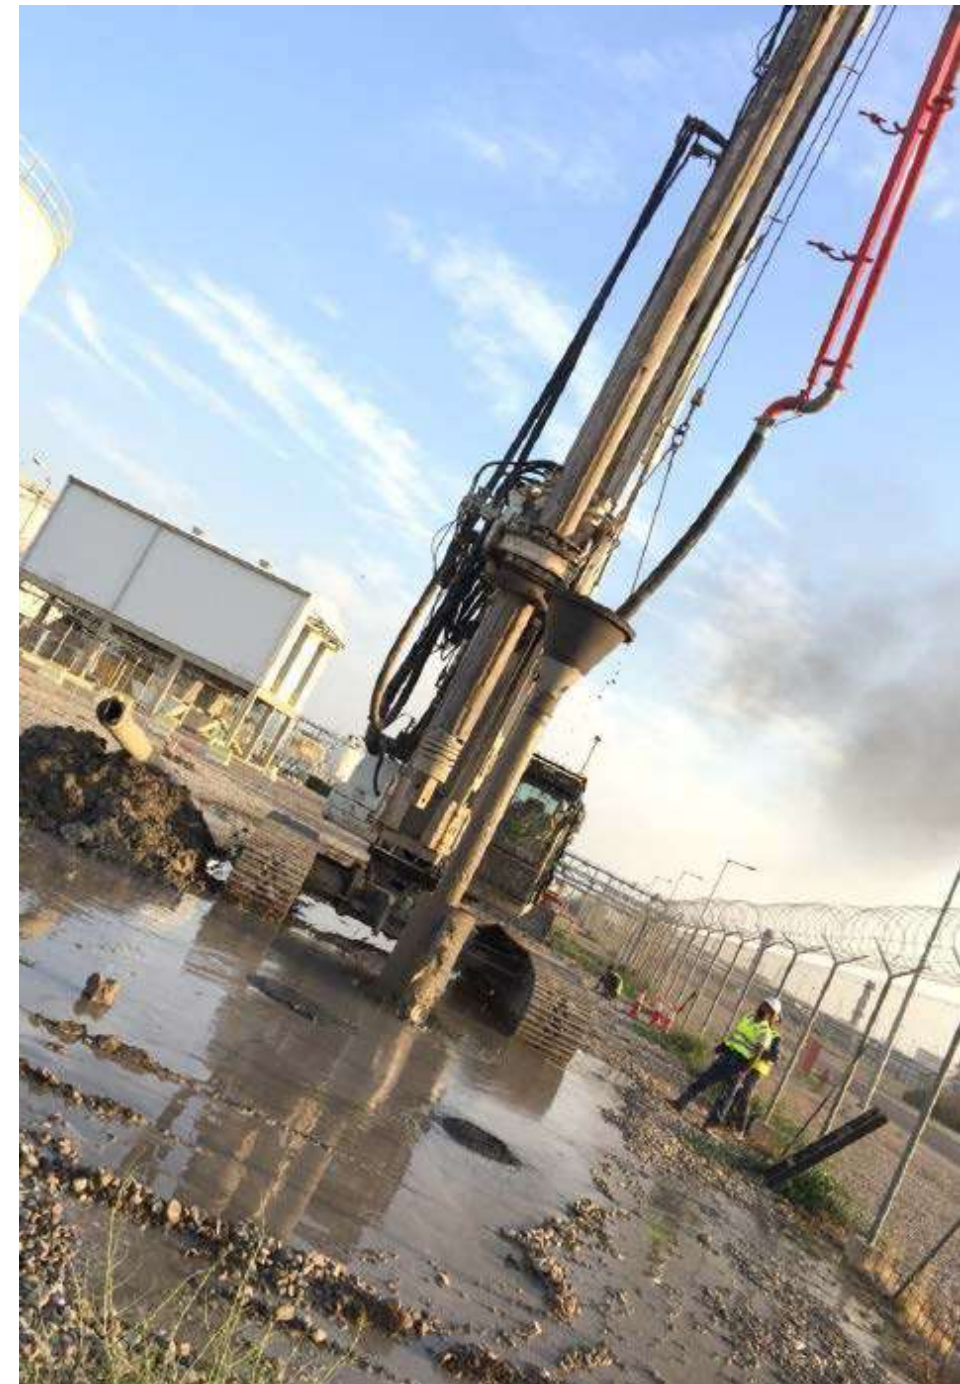

Client: HBP -Lukoil

SOW: work in Redzone inside CPF area in
WQ2

Civil and concrete foundation works, Bored
piles, modification of existing facilities.

Duration: 9 months, started in Oct. 2020

limited images available
(prohibited area)

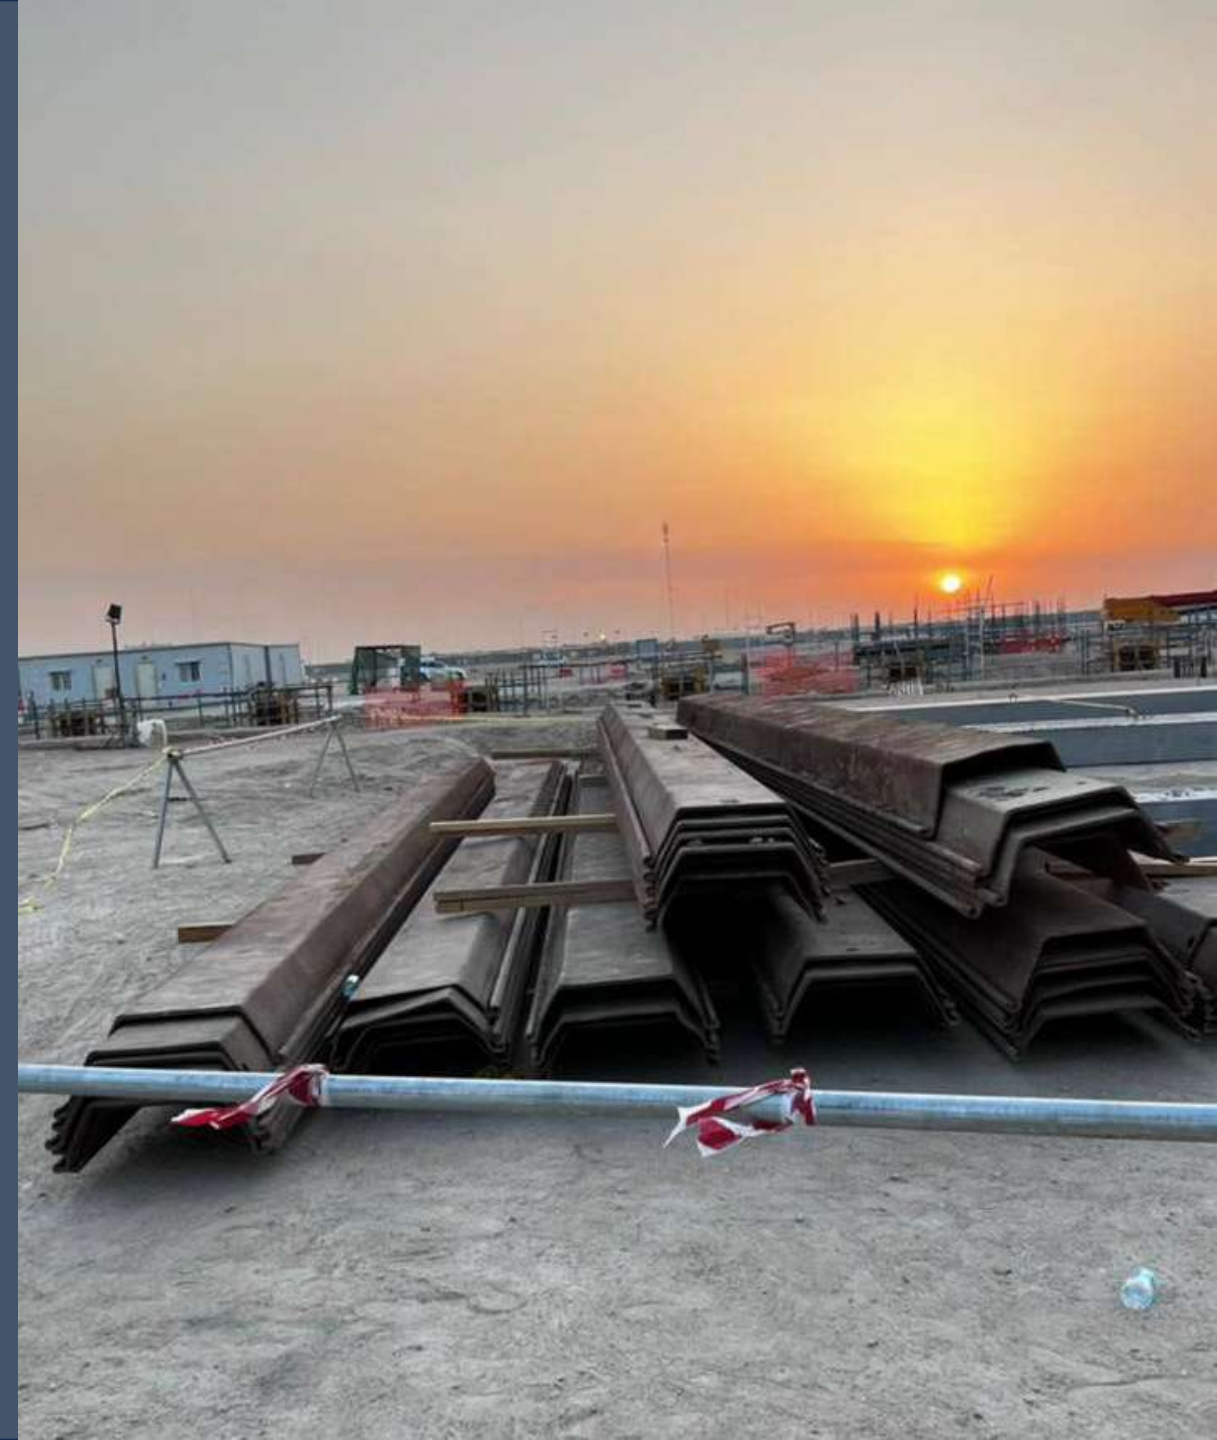

SHEET PILE WORKS IN FCC

Civil works, sheet piling supply, installation, and removal

Client: Gusan, HDLV, JGC, IBRU

SOW: Civil works, sheet piling supply, installation, and removal in Basra refinery.

Duration: 9 months, started in August 2022

STEEL STRUCTURE, CAMP CONSTRUCTION

- **Steel Structure Workshops And Shades In FCC**
- **Temp Workshops And Shades In FCC- Hyundai**
- **TCF Camps, Zubair Mishref Development Project-CPECC-ENI**
- **STX Main Camp In North Rumaila Area-STX-BP**
- **Production And Storage Shade (5000 M2) For Durrat Al-khaleej**

TEMP WORKSHOPS & SHADES

Steel structure, Shades, civil & concrete works

Client: Hyundai (Levart)- JGC- Basra refinery

SOW: Four Steel structure shades, and Five warehouses, civil and concrete works, electrical and mechanical works.

Duration: 9 months, started in Oct. 2021

Additional Amend.: yes, (manpower, concrete, civil)

TCF CAMP WORKS

IN ZUBAIR MUSHRIF AREA

Client: CPECC –ENI- ZFOD
(Rumaila Oil Field)

SOW: Workshop, yards, Main offices, and residence caravans, infrastructures (electricity, water, and Sewage ...etc.)

Duration: 6 months, started in June. 2022

Additional amend.: yes
(modification works)

STX Main Camp In North Rumaila

Area-stx

Client: STX –BP (Rumaila Oil Filed)

SOW: Workshop, yards, Main offices, and residence caravans, infrastructures (electricity, water, and Sewage ...etc.)

Duration: 5 months, started in Oct. 2021

Additional amend.: yes (precast concrete members)

Production And Storage Shade (6000 M2) For Durrat Al-Khaleej

SOW: Construction of production and storage facilities, for Durrat Al-Khaleej.

Duration : since 2007, and till today.

Manpower supply services

- **Manpower supply for Samsung Engineering in Hamar Mushrif**
- **CPECC Zuabir Mushrif, DV1, & DV7**
- **Manpower supply for Gusan in Basra Refinery**
- **Manpower Supply for Hunadai Levart in Basra Refinrary**
- **Manpower Supply services with CPP Majnoon**

Scaffolding Services

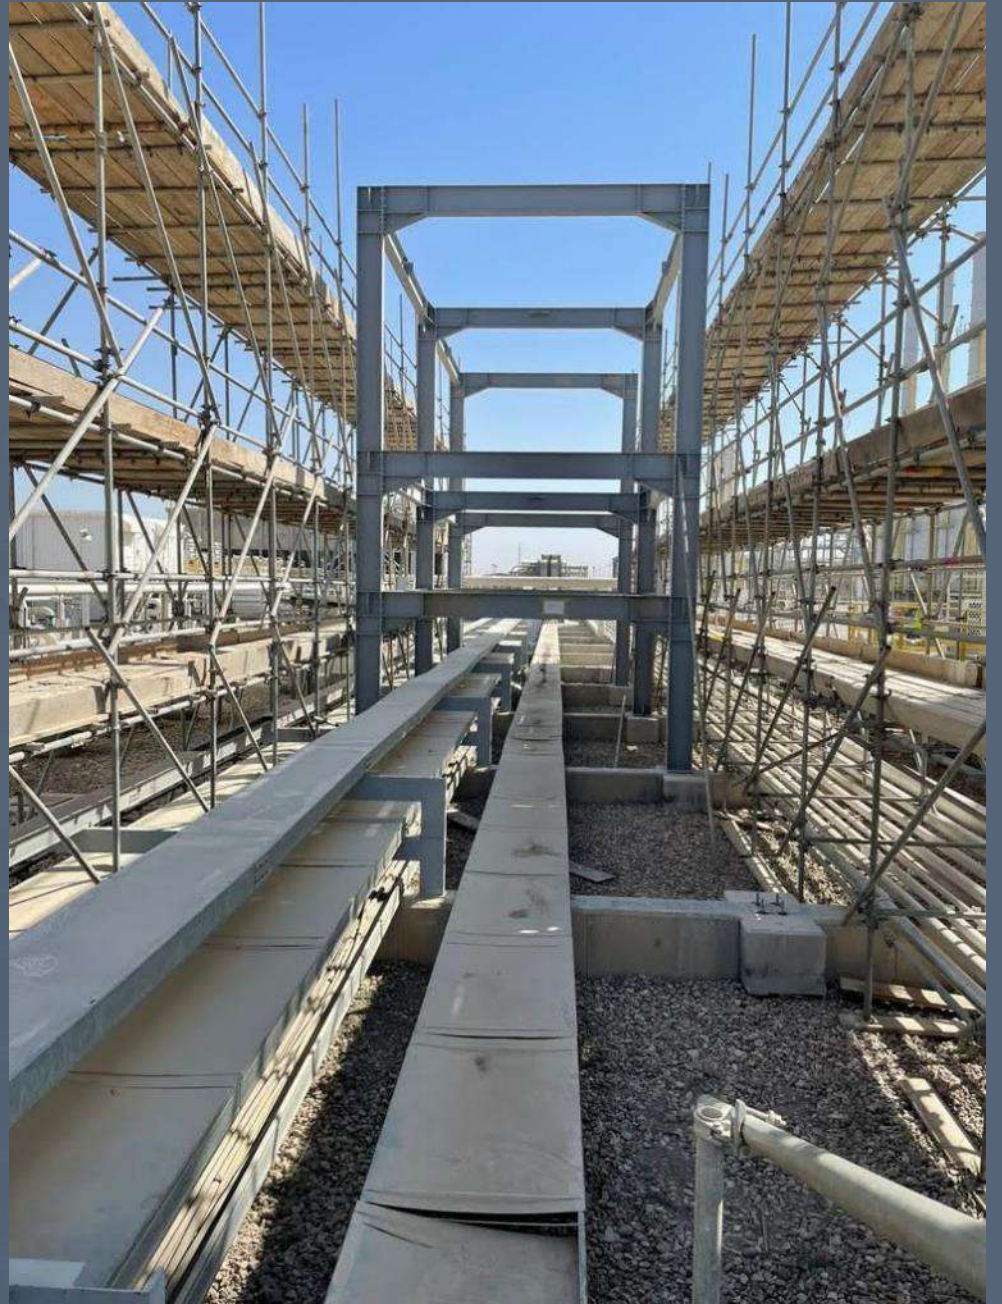

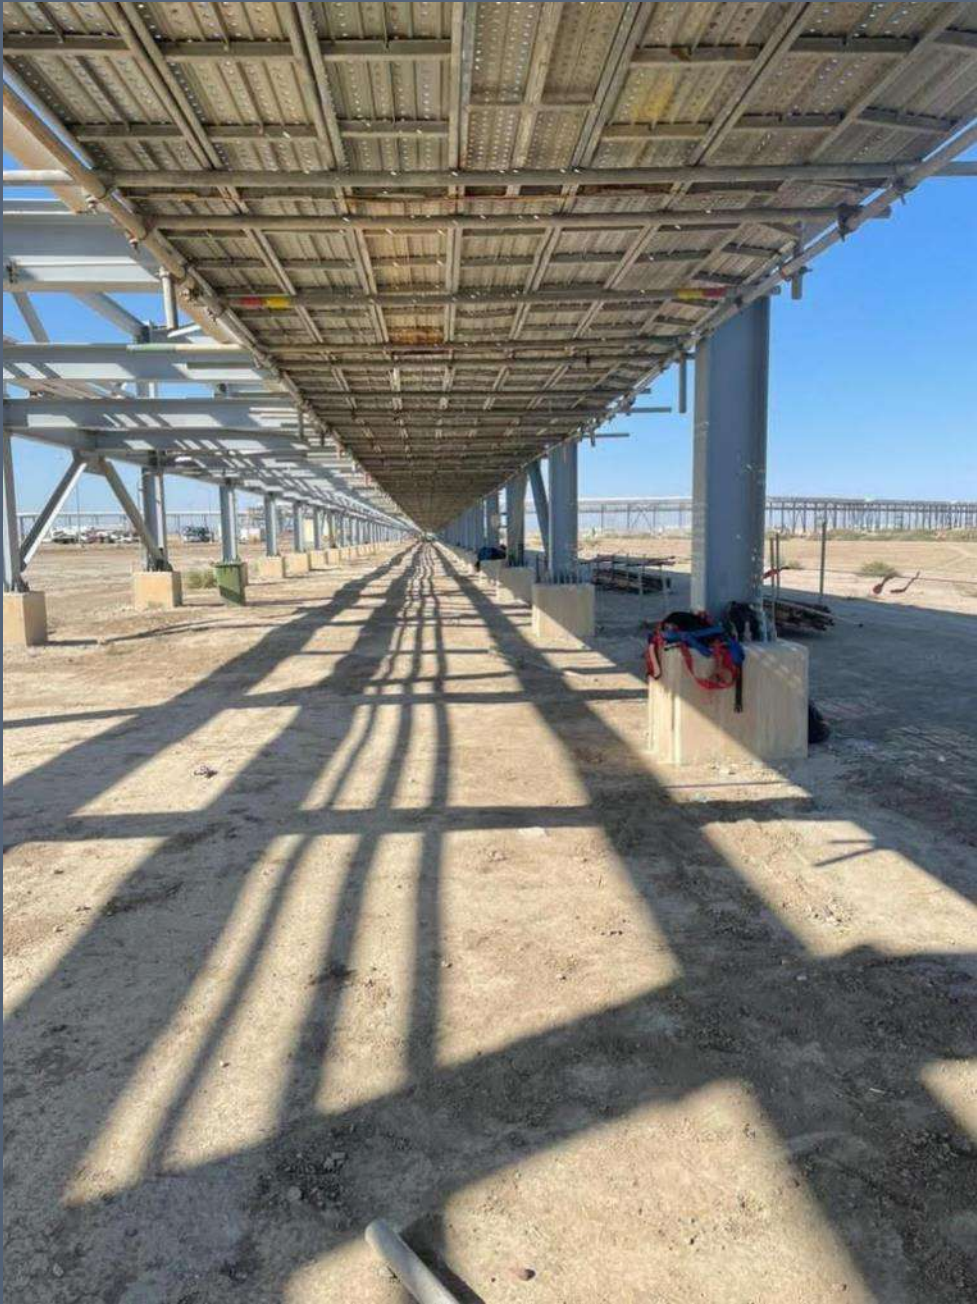

Clients

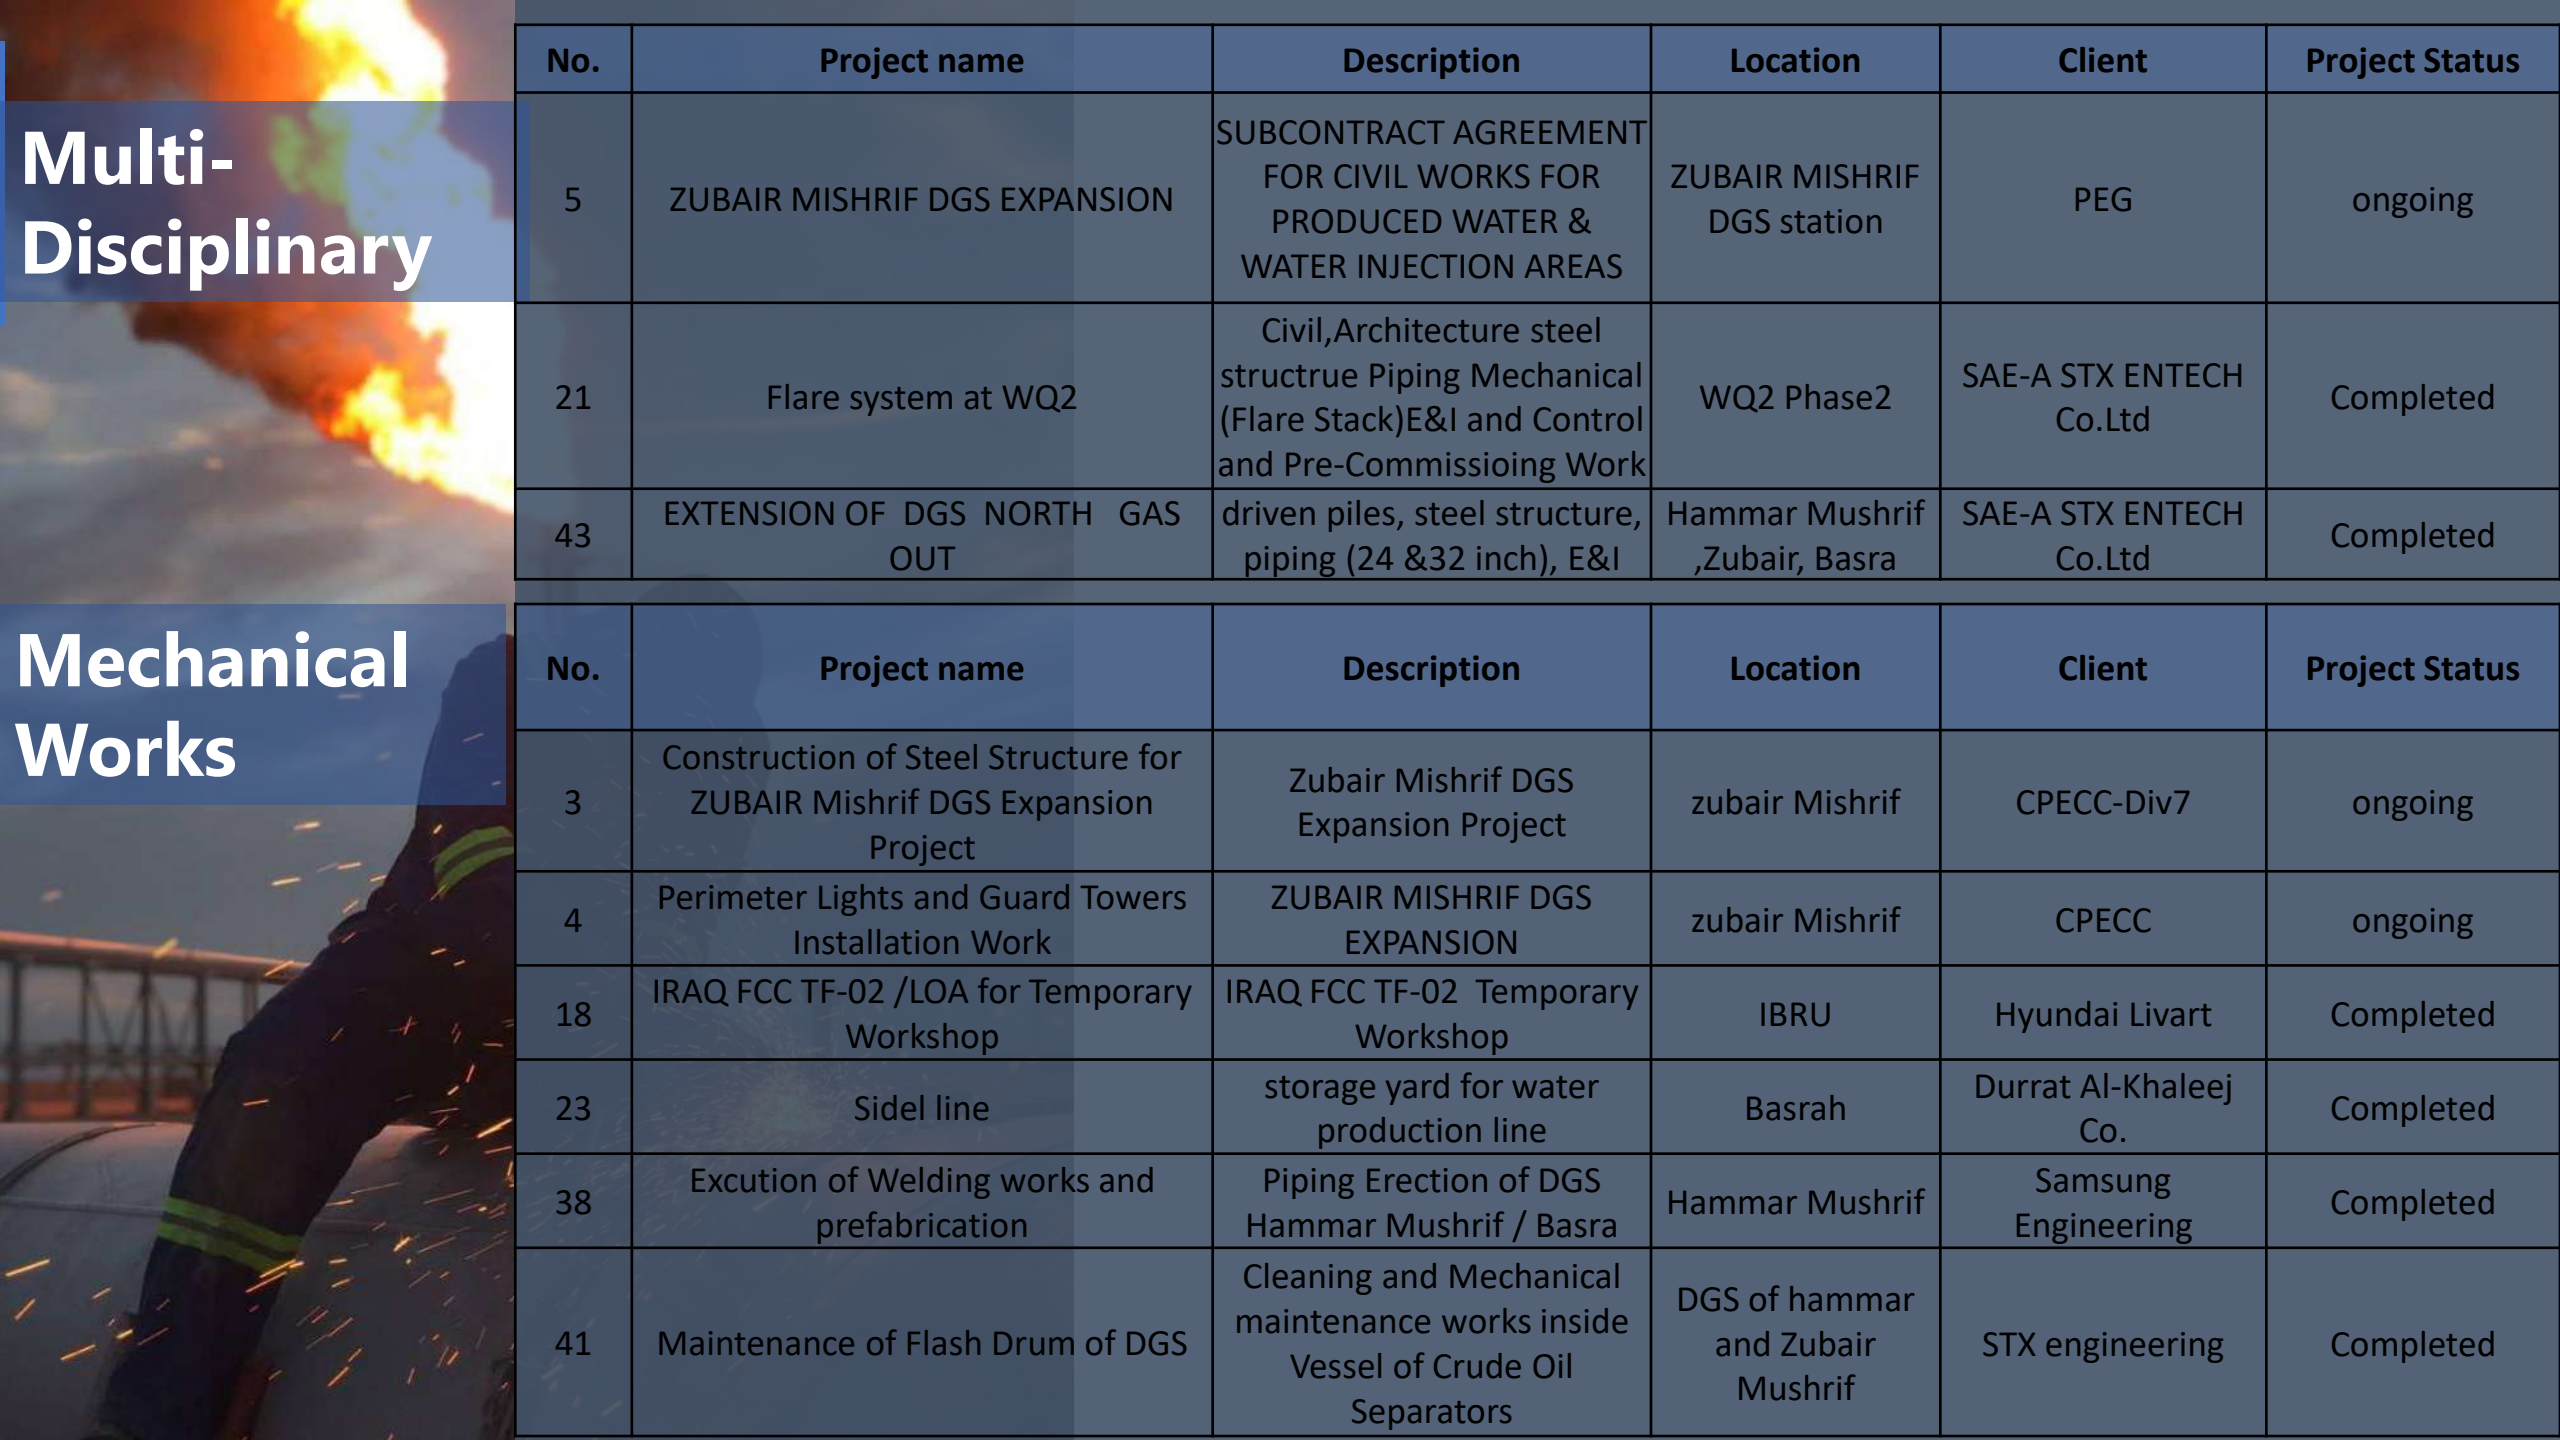

- 1- SICIM (2023)
- 2- EPPM (2019-2021)
- 3- STX- WQ2 (2020-2021)
- 4- STX – Hammar Mushrif (2019-2020)
- 5- DELTA (2022)

SOW: supply, installation, dismantle, and rental services

Quantity : more than 30,000 m3 of scaffolding materials, well inspected, worth certified scaffolding staff.
